Information has come into town during the week that a vein of excellent coal has just recently been discovered across the valley a short distance west and north of Moroni, and about ten miles from this city.

was made by one Nephi Jennings of Levan the latter part of last week. It consists on the surface of a vein, four feet in size, of coal which has been pronounced first class in quality. TRIES TO HANG HIMSELF.

Julius Jensen, a Crazy Man, Makes Two Unsuccessful Attempts on His Life.

Julius Jensen, the man who assaulted a well known Salt Lake girl about a year and a half ago, and who was afterwards committeed to the insane asylum at Provo, made two unsuccessful attempts to take his life yesterday. Shortly after his committal to the asylum, he made his escape and nothing was heard of him again until yester-day when the sheriff's office received word that a crazy man was trying to do away with himself in the vicinity of Eleventh South and First West streets. Sheriff Howells and Deputy MacDuff drove out to the place and in a lonely hut found the long lost Jensen, very quietly at work fixing a rope over rafters. As the officers entered Jensen sprang at them like a tiger and is was only after a desperate struggle that the lunatic was overcome and put in irons. After being locked up in the county jail he again tried to take his life by con-structing a rope out of the blankets in his cell. The vigilance of Night Jailor Nick Gulbransen, however, upset the crazy man's plans for the second time, and after another desperate struggle he was placed in the padded cell.

The probabilities are that Jensen will

be returned to the asylum in a day or

EMERSON SCHOOL KINDERGARTEN

A good number of the mothers of the Emerson school district met at the school house Thursday afternoon to discuss plans for establishing a kindergarten in one of the vacant rooms of the Emerson school building. After a very interesting address by Miss May, which made clear the advantage to the child that the kindergarten bestows, the machinery was enthusiastically set in motion, by which it is believed, in the next few weeks, the necessary pledges will be secured to enable the kindergarten to open wide its doors when school convenes in the autumn.

Mrs. E. W. Wilson was elected chair-

man of the kindergarten committee, which consists of all those present at the meeting, each having promised her hearty support to the movement.

Letters and verbal messages were re-ceived from a number of absent mothers who wished to contribute.
The surrounding district was divided into sections, which are to be thoroughly canvassed by members of the committee. It is hoped that any who may see this and desire to lend their aid or send children to the kindergarten, il communicate immediately with Mrs. Wilson, Miss Dysart, principal of the Emerson school, or Miss May. Miss May will have general supervision over the school, a fact which will assure everyone of the efficiency with which the school will be conducted. About one-fourth of the money neces-sary for the current expenses of the

kindergarten for eight months, was pledged at this meeting. Another session of the committee will be held Saturday, May 5, at 2 p. m., at the Emerson school. Everyone who feels an interest in the proposed kinder-

POCATELLO TEAM DEFEATED TWICE

Utah-Idaho League Games Begun Saturday Afternoon.

LARGE CROWD ATTENDED.

The Contest Was Started by Mayor Thompson, who Pitched First Ball, and Was Warmly Applauded.

No less than 1,000 baseball enthuslasts witnessed the Rio Grandes defeat the Pocatello's in the league game played on Walker's field Saturday af-

Judging from the manner in which the game was conducted, future league contests will be well patronized and Utah will see something new in the way of baseball.

One pleasing feature of the game was the total absence of "ktoking" and grumbling over the umpire's decision, usually so pronounced at the national

Amid general applause Mayor Thompson pitched the first ball and the con-test was under way. From the manner in which the Mayor threw the sphere over the plate it is evident he has played ball before, although it was a strike, Rand of Pocatello, who was at the bat, politely allowed the ball to pass and Umpire Griffin called it a ball. The crowd became somewhat impatient in the first part of the game because it seemed as though things were moving along quite slowly.

The catcher for the visitors did not

make a very good impression as he allowed five passed balls and was extremely slow. When Walter Seare took his position behind the bat, the order of things was reversed, and the crowd cheered lustily at his numerous brilliant cheered justify at his numerous orilliant plays. On two occasions he put men out at home on some very hard throws. In gathering in one of these throws Seare split his finger, but he played ball just the same. He proved himself equally proficient at the bat and scored three runs and two hits out of three turns at the bat. Risley, the pitcher for the home team, did some excellent work. Eubanks, pitcher for the Idahoans,

while doing some good work, was not up to his standard by any means; Following is the summary:

LOUISVILLE'S GREAT RACES. To be Inaugurated at Churchill Downs Next Thursday.

Louisville, April 29.—At Churchill Downs next Thursday will be inaugurated what promises to be the greatest Joskey club. Already the city is fill-ing up, an dit is expected that fully 30,000 people will witness the Kentucky a field of eight starters and possibly ten. The sure ones are: Lieutenant Gibson, Kentucky Farmer, F. W. Brode, Hindus, Highland Lad, Florizar, His Excellency and Benader. To these may be added Thrive and Flaunt. Flaunt worked the Derby route this

morning in 2:10. Although Lieutenant Gibson's stock has depreclated during the past fort-night, he will still go to the post a marked favorite. Tom McDowell's colt, His Excellence, will receive some consideration, as he has made a mile and an eighth on the Lexington track in 1:54%. Notwithstanding F. W. Those Who Ride on the Sugarbowl This Year Must Have N. C. A. Passes. The announcement was made today by State Handicapper Schefski that a new feature has been decided upon whereby a number of would-be bicycle riders will be barred from the Sait Palace track this season. Only those

who are able to secure passes from the N. C. A. will be allowed to enter the races.

Last season there were a number of riders who not only proved a detrimont to the reputation of the Sait Palace but were a great annoyance to those were riding for something else than fun. If the weather remains fair, the wheel-

men will begin training tomorrow. Chapman and Iver Lawson will settle down to business tomorrow and expect to be in perfect condition when the season opens. The track has not been injured in the least by the assaults of winter, and with the few repairs that have been made here and there is in first-class shape.
